

Declaration of accessibility

The Internet presence of the Autonomous Province of Bolzano/Bozen is represented by a main site accompanied by a set of subdomains and thematic sites, which share the technological infrastructure and the overall layout and are coordinated by a central editorial office under the control of the Web Board.

In the realisation and evolution of the sites and in the care of the content, the Administration makes a constant effort to guarantee ease of consultation, comprehensibility and easy accessibility to all categories of users.

Declaration of accessibility

La Declaration of Accessibility sent to AgID certifies the level of accessibility of the websites of the Autonomous Province of Bolzano/Bozen.

Feedback mechanism

You can report any inaccessible pages or documents using the form [Report a problem](#).

Accessibility goals

The Province identifies annually the accessibility objectives of the authority, indicating the activities in which it intends to invest to improve the degree of accessibility of its digital services.
